

PETER STOKER

PRINCIPAL GEOLOGIST

BSc
DipEd
FAusIMM (CP)

EXPERTISE

Peter's areas of expertise are audit and due diligence studies of Mineral Resources and Ore Reserves, providing advice to improve standards in mine geology and improve minerals investment return. Commodity experience includes base metals (copper, lead-zinc-silver, nickel), gold, copper-gold (porphyry and iron oxide), bauxite and sedimentary uranium.

SUMMARY OF EXPERIENCE

Peter is a geologist with 40 years experience in mine geology, mineral resource and ore reserve estimation, feasibility studies, project evaluation and mineral exploration. Prior to joining AMC in April 2003, Peter was an independent consultant with ten years experience in his own business, first established in 1989.

Peter's consulting included advising the audit committee of an Australian Gold Mining Company on Mineral Resource reporting and numerous audits and due diligence studies. He was a General Manager in MIM Exploration with responsibility for technical services, and also for Mineral Resource and Ore Reserves reporting for the MIM Holdings group of companies from 1992 to 1996. Peter was formerly Chief Geologist at Mount Isa Mines Ltd, having worked at Mount Isa for 13 years. He was also a director of a junior exploration and mineral treatment technology company. Peter has participated in management of exploration, project evaluation and acquisition and review of mining projects in Australia, PNG, Argentina, Chile, and the Republic of Ireland. He has undertaken consulting assignments and visits to operating mines, exploration sites and financial institutions in the USA, Canada, Peru, Fiji, Egypt, New Zealand, Indonesia, Tanzania, Botswana, Mongolia, Thailand, South Africa, Hong Kong, England, and Republic of Korea, and participated in Australian Trade missions to Chile and Peru.

Peter is a Fellow of The Australasian Institute of Mining and Metallurgy (AusIMM) and a Chartered Professional (Geology). He is the current Chairman of the Joint Ore Reserves Committee and was Secretary from late 1999 to 2005. He is also a member of Committee for Mineral Reserves International Reporting Standards (CRIRSCO). He was a member of the Steering Committee and a contributor for Monograph 23 "Mineral Resources and Ore Reserves Estimation - The AusIMM Guide to Good Practice", and has authored or co-authored a number of papers on Mineral Resource and Ore Reserve estimation, classification, exploration research and practice. He is the past Chair of The AusIMM's Geoscience Taskforce, and a past Councillor, branch chairman and secretary.
